Greenwood selectmen decline to sign off on right of way for marina

By MICHAEL DANIELS

The Greenwood Board of Selectmen has refused to grant would-be marina developer Don Lawrence of Bryant Pond a license to cross the town-leased boat launch in Locke Mills.

In July the town Planning Board approved an application from Lawrence to develop a 12-slip marina on a 1.3-acre parcel of land located between Round Pond and the tracks of the St. Lawrence & Atlantic Railroad.

The marina plan was opposed by several area residents, but the Planning Board found no grounds for rejecting the application, which was approved.

The approval was then appealed by several nearby property owners.

The matter is currently in front of the town Board of Ap-

peals.

As part of its review, that board asked for documentation that Lawrence has the right to cross the boat launch (which the town leases from the railroad company).

The public has traditionally been allowed to cross the town-leased parcel, but the railroad company and town attorney recommended the selectmen and Lawrence sign a written agreement formalizing his access.

At their regular meeting Tuesday evening, the selectmen took up the matter, and after a relatively brief discussion voted not to grant the license to cross.

Selectman Fred Henderson noted that the town attorney recommended that if the selectmen did grant the license,

MDOT funds will help speed up Barker Brook

By ALISON ALOISIO

A project gets underway this week to increase the velocity of water in a section of Newry's Barker Brook. Its purpose is to reduce the sediments deposited there.

The mitigation project affects a 1,100-foot stretch, beginning at the bridge on the Sunday River Road and continuing downstream.

The work will be paid for by the Maine Department of Transportation, at a cost of \$220,000.

The project will be "compensatory" for the loss of 1.5 acres

of wetlands on the Route 2 improvement project in Bethel and Gilead, according to Deane Van Dusen, MDOT's manager of field service and mitigation.

The Barker Brook segment was chosen out of a half dozen possible sites in the Sunday River Valley identified during a study several years ago.

"The water carries a lot of sediment there, and it slows down and the sediment drops out. Barker Brook was never designed to handle these

Gilead to vote on purchase of building for Town Office

By ALISON ALOISIO

Gilead voters will decide Sept. 20 whether to raise money to purchase a building adjacent to the Town Hall.

A special Town Meeting will take place that evening at 7 p.m. at the Town Hall.

The proposal: to raise and appropriate, or borrow, the sum of \$24,000 to buy the small building that stands within a few feet of the hall.

The structure, if purchased, would be renovated for use as a town office.

At a public hearing in July, residents informally gave their blessing for town officials to look into the possible purchase of the building.

Officials said then that the time has come for Gilead to have an office. Town business is currently conducted out of

the homes of its officials.

They also said the Town Hall is not suitable in winter for boards and other organizations to hold meetings, because it is not winterized.

If voters approve the funds this month, a plan for renovations would be drawn up for consideration at the annual Town Meeting in March, according to Beverly Corriveau, Gilead's administrative assistant.

The building the town is considering buying was constructed in the mid-1800s. In the early 20th century it served as a general store. Later, it became a residence.

The building's dimensions are approximately 24 by 35 feet. A small garage is located between the building and the Town Hall.

The very model of a meetinghouse

James Auman recently presented a handmade plastic replica of the old West Parish Congregational Meetinghouse to the Bethel Historical Society. The meetinghouse, built in 1807 near the south end of the present Route 2 bridge over the Androscoggin, was taken down in 1848. With no bridge available at that time, parishioners on the north side of the river could not cross when the ferry did not run or the ice was not safe. The decision was made in the 1840s to separate into two parishes with separate meeting places, and the building was taken down. Auman, who has made two other building models for the BHS, made the meetinghouse replica on the scale of Lionel train models (1/4 inch = 1 foot), and incorporated some materials used in train model construction.

MEAs for grades 3-5 improve, but results for TMS are mixed

By ALISON ALOISIO

2007 MEA results show Crescent Park third-graders making a "huge jump" in math, Woodstock pupils delivering "some of the highest averages in the district" and almost every pupil in Andover at least partially meeting state test standards.

The MEA news at Telstar Middle School is mixed -- eighth-graders equaled or exceeded state averages in the four subjects tested -- but sixth- and seventh-graders fell below state average scores.

SAD44 Curriculum Coordinator Lee Graham presented the MEA results at a recent School Board meeting.

Pupils in grades Three through Eight are tested annually in reading and math.

Grades Four and Eight are also tested in science and technology, and Grades Five and Eight in writing.

Results compare school scores to state averages, and also compare school results to set standards in the categories of "fails to meet," "partially meets," "meets" and "exceeds" standards.

"Almost every student at the Andover School in Grades Three, Four and Five at least partially meets the standards," Graham said.

She noted that because of the small number of pupils at AES, results there can vary widely from year to year.

At GPS, she said, "all three grades tested had higher scores this year in all subject areas. Grade 3 gained nine points in

math -- a huge jump."

WES pupils had some of the highest averages in SAD44, said Graham.

"As in Andover, almost every student at least partially meets the standards," she said. "In Grade Five, for example, in reading and math, 100 percent of the students met or exceeded standards."

"They did extraordinarily well last year, and they're still doing well this year," said Graham.

Telstar Middle School In 2004, TMS eighth-graders did not meet the federal Adequate Yearly Progress standards. As a result, the state provided a coach to help teachers with an improvement plan.

No boundaries for veterans in new MHS program

ASSOCIATED PRESS

Neal Williams was blown off an armored personnel carrier while on patrol in Vietnam in 1968. His back was broken in seven places, his neck in two. These days, he gets around in a wheelchair.

On a recent Saturday in Winslow, however, he traded his wheelchair for an Old Town canoe.

"I've done bicycle riding, rifle shooting and we're going to be doing canoeing and kayaking," Williams said Saturday before paddling around Pattee Pond.

Veterans No Boundaries was developed three years ago by Maine Handicapped Skiing, Maine's largest adaptive recreation program for adults and children with physical disabilities.

In the No Boundaries programs, military veterans and active personnel with physical disabilities can participate in a variety of adaptive sports at no cost, said Wendy Iseman,

development and public relations director for Maine Handicapped Skiing.

Summer activities for wounded vets and active duty personnel participating in Veterans No Boundaries include cycling, kayaking, fishing, golf, martial arts and wheelchair tennis.

Iseman said this summer's group consists of 12 military men and women with physical disabilities, which can include the effects of stroke, brain injury and amputation. Some are combat related; some are not.

When building the program, organizers thought they'd be serving lots of veterans of Iraq and Afghanistan. But many of those injured military personnel are still in rehabilitation.

"We're positioning ourselves to be the recreation program for people coming back from the newer conflicts. We're obvi-

Bethel village cats go missing

By MICHAEL DANIELS

The dog days of summer 2007 were perilous for the pet cats of Bethel village.

Vinny, Puddy, Seets, Chloe, Jimmy and others all went missing in the period from mid-July to mid-August.

All were pets with good homes, but who spent at least part of their time out-of-doors.

Most had done so for many years, and each was very familiar with its own small patch of village turf.

"Seets never ran away, and never left our yard or our neighbors," said Michelle Conroy of Philbrook Street.

But the week after Mollycodd Day, Seets disappeared.

And soon other cats were gone, including Vinny, a black 12-year-old, who'd roamed yards around Café Di'Cocoa since moving there with Ed and Cathy Di'Cocoa more than a decade ago.

Perhaps it's only coincidence, but Vinny disappeared only a few days after Cathy was awakened at 2 a.m. by a loud fight between two wild animals.

The fight was going on about 100 feet outside her kitchen window.

"It was really loud and went on for two hours," she said. "They'd fight, pause for a while and then start all over again. And neither of them was a dog or a cat -- I would have recognized that."

There's no way to know if one of the animals involved in the fight was also involved in the disappearances of the local pets.

Anecdotal reports from neighbors suggest that perhaps as many as a dozen cats from that part of town went missing during a three- or four-week period.

Phil Taylor, Bethel's animal control officer, said that if the pets were killed by a wild animal, the likely culprit would be a fox or fisher cat.

And coyotes, which also kill house pets, can often be heard at night howling from the fields, woods and wetlands to the south of Vernon Street.

The western margins of that undomesticated expanse are less than a quarter of a mile from the neighborhood where the cats disappeared.

Coyotes are known killers of domestic cats.

The Associated Press reported that recently in Hampton, N.H., as many as five to six cats have gone miss-

HEARTSICK, HURT, DISAPPOINTED

To the Editor:

I am heartsickened, hurt, disappointed and very disgusted by the way some of the citizens of the town of Greenwood feel toward the Fire Department. I happen to be on the GWFD Auxiliary and my husband is active lieutenant of the GWFD.

I can't believe that people would take advantage of this wonderful Fire Department to take their rebellion out on the tax-evaluation frustration. What is wrong with society today? Do we not understand what is going on in Iraq and to create your own war in such a wonderful town?

I was not at the meeting; however, I have read the articles and have spoken with citizens that were there. There was a comment made that the firemen are pretty much useless and have to depend on other towns to show up at fires because not many of our own respond. Has your house ever caught fire? Have you had a child reported missing? Have you had a family member or friend hurt on a hiking trail and require rescue in the middle of the night for a carryout? Have you had someone with a chimney fire and needed assistance because they didn't take the time to clean it?

My husband has been called to many fire scenes, car accidents, rescues. He has taken extensive training courses, locally and out of state for the dedication of this department. It is a volunteer department. I ask you, are you volunteering to make a difference? If not, then what do you have to complain about.

Something is wrong with this picture. My children and I have spent many sleepless nights worrying about the safety of Dad. He is out all hours, getting called back four or five times. Do you remember the fire on Main Street at 20 or more below zero? Guess who was there? Guess who was there with him and spent time at the fire station all day making sandwiches, coffee and whatever else these firemen needed? You got it, the GWFD auxiliary, whom I may add is also volunteer! I pray that your house is not the next one because you will feel different about this volunteer fire department when they help you. What about the factory in Greenwood? They spent the night there and got called back several times over the course of the next three days until the silo was empty.

We, fireman, Auxiliary and our 11 and 16 year-old children worked extremely hard from 9 a.m. and continued until the cars stopped coming at 6:30 at night, washing cars and running a cookout. Between all of the support, we raised over \$1,000. See what one day of volunteering can do! I am going to add that over 50 percent of the customers were out-of-state individuals that feel for this department and their hard work and little pay and love this town so much that they want to see a safe fire vehicle.

In closing, I would like you to remember most all of the members hold full-time jobs and still go to the calls. When you are sleeping in your warm, comfy bed, guess where your fire department is. We're asking, please consider donating — a small donation goes a long way. We are asking, please a small donation goes a long way. If anyone out there is interested, you may donate directly to the Fire Department. For more information you may contact Greenwood Fire Department at 875-2888, or mail a donation directly to "Save our Fire Services Fund" at Norway Savings Bank, P.O. Box 916, Bethel, ME 04217.

Thank you and please open your heart and think the situation through.

SUPPORT THE GREENWOOD F.D.

To the Editor:

The Special Greenwood Town Meeting held on Aug. 21 was fraught with fear and emotion. Citizens do not yet know the impact of the recent property re-evaluation and they are upset and scared. There is no doubt that some citizens' taxes will go up, some will stay the same and others, believe it or not, will go down. But many people are so afraid that they will feel the brunt of unfair increases that their usual common sense is affected.

Emotion and fear are not conducive to good decision-making. In this charged atmosphere, item after item was rejected. Rejecting porta-potties at the town beach is one thing. Rejecting replacement of the 1982 bus that carries emergency equipment is another. The town has been warned that the vehicle is unlikely to pass the next inspection. So a group of citizens and the fire chief found a good, used, fully equipped vehicle at a very good price — a true opportunity to fulfill an urgent need. Forty residents turned it down, leaving a huge gap in our safety armor.

On two occasions, over the years, the Greenwood Fire Department has come to our house under potentially life-threatening circumstances. They were prompt, well trained and thoroughly helpful. A neighbor, who is a volunteer, said that he fears for his life when he has to drive the antiquated bus down the Greenwood Road. Our volunteer firefighters deserve to have decent equipment. They should not be expected to put their own lives in jeopardy to save ours.

We hope the emotions cool. If so, people will realize that this is a unique opportunity to guarantee the safety of our community and our neighboring communities who rely on us to play our part in mutual aid.

WHY DON'T WE HAVE A SAY?

To the Editor:

On Sept. 4 the town of Greenwood Selectmen did its taxpayers a grave injustice. A committee was formed to decide the water levels on North, South and Round ponds without its taxpayers wanting lower water levels being represented. A committee should represent both sides of the issue, and this is not being done.

If you want to help the wildlife and stop the erosion, ice damage and flooding you must be heard. Make a point of contacting the Greenwood Selectmen. It is the only way we have a voice in the matter.

DAVIS PARK UPDATE AND THANKS

To the Editor:

As the end of summer is quickly approaching, parents and kids are enjoying the last days spent playing on the playground at Davis Park before the temperatures go too low and the snow starts falling. With plans of updating our playground still in the works, we would like to thank all those who have made donations and remind everyone that we are still fundraising to reach our goal of \$30,000. There is an account open at Northeast Bank under the name of Davis Park Rehabilitation accepting donations. All amounts are greatly appreciated.

SUICIDE PREVENTION WEEK

To the Editor:

More needs to be done to prevent suicide, a public health problem that claims a life every 16 minutes in the United States. However, stigma and misconceptions about mental illnesses and suicide continue to be barriers.

Since National Suicide Prevention Week is Sept. 9-15, I would like to use this time to encourage the public to learn more about suicide. For example, research shows that more than 90 percent of people who die by suicide have an underlying, although not always diagnosed, psychiatric illness at the time of their deaths.

On Sunday, Sept. 9, the American Foundation for Suicide Prevention (AFSP) will conduct one of its Out of the Darkness Community Walks in Portland around Back Cove. Funds will support suicide prevention research, educational and survivor support programs.

Walk with us and help bring suicide "out of the darkness." Together we can help save lives. For more information, visit www.outofthedarkness.org or contact me at 822-9989.

REMEMBERING BONNIE EAMES BOWDEN

To the Editor:

The death last week of Bonnie Eames Bowden is an enormous loss to her family, but also to her many friends who greatly appreciated her humor and thoroughly positive attitude. I believe that I first came to know Bonnie in the fifth grade at Crescent Park School. From that time on, through Gould Academy (Class of '62) and then on to Gorham State College (now part of the University of Southern Maine) (Class of '66), we were classmates and friends. After college, I saw Bonnie only intermittently, but on meeting her later at class reunions or at the Bethel Historical Society, it was invariably as if we had seen each other only yesterday. We were always able to pick up just where we had left off from the last visit. We never lacked for subjects to discuss and laugh about during our wide-ranging conversations.

One of the most memorable occasions was perhaps our longest visit. Several years ago, Bonnie sat on my front porch and we chatted most of one afternoon. From that spot, we were able to watch the "world" pass by and reminisce about our many memories of Bethel and college. It was a time with lots of laughs that I will remember and treasure for the rest of my days.

Earlier this year, I had a call from the Gould Academy Alumni office asking if I would coordinate the 45th reunion of the Class of 1962. I was reluctant to take on another commitment, but with thoughts of Bonnie being there to help me through it all, everything seemed possible. Now with the loss of Bonnie, it appears to be a tough assignment. However, several other classmates have promised to come to my rescue so I expect everything will work out. They were also good friends of Bonnie's and I know we will all have her in mind as we celebrate this milestone in our lives. It won't be the same without her, but her legacy of kindness, friendliness and service to others will be very much with us. We may even laugh a bit as we fondly recall our numerous memories of this remarkable friend and classmate.

Continued from page 1

In 2006, eighth-graders met annual yearly progress standards. In 2007, they equaled or exceeded the state average scores in all four subjects.

But sixth- and seventh-grade scores were below the state averages.

Graham offered a strategy for improvement: "New mathematics curriculum, a change in instruction and more emphasis and training in MEA preparation, all planned for the upcoming year, should improve student scores," she said.

The number of grade levels tested has increased since 2005, as a result of the No Child Left Behind Act.

"We can follow the students better. There's more data," Graham said.

Details of the results by school are available at www.maine.gov/education/mea/edmea.htm.

State trends

Overall, when compared to last year's scores, MEA test scores for Maine students in Grades Three through Eight improved or remained the same in reading, math and science compared to last year, according to the Department of Education.

The percentage of students who met or exceeded the testing standards increased in every grade and subject area, except third-grade reading, where the percent remained unchanged; and fourth-grade science, where it dropped by one percent.

Across all grades, a greater percentage of females than males met proficiency in reading and writing, which the DE said is consistent with past performance and national trends.

SAD44 scores compared with those of possible consolidation partners

On last year's MEA math and reading tests, SAD44 third- and fourth-graders scored higher than their counterparts in SADs 21 and 43.

SAD44 will study the possibility of merging with those districts in order to comply with a state law mandating school consolidation.

Math test results from 2006-2007 (available on the Maine Department of Education's website) showed 68 percent of SAD44 third-graders met or exceeded state standards. In SAD43 (Rumford), 54 percent met or exceeded them, while 44 percent of SAD21 (Dixfield) did.

Among fourth-graders, 71 percent of SAD44 pupils met or exceeded standards, compared to 50 percent in SAD43 and 38 percent in SAD21.

In higher grades (except for eighth) the gap narrows or in some cases reverses itself:

Fifth-grade percentages: SAD44—49; SAD43—41; SAD21—46.

Sixth grade: SAD44—43, SAD43—39; SAD21—46.

Seventh grade: SAD44—38; SAD43—45; SAD21—29.

Eighth grade: SAD44—53; SAD43—39; SAD21—32.

In reading, scores were only available for third, fourth and sixth grades.

But comparisons were similar:

Third grade: SAD44—65; SAD43—53; SAD21—53.

Fourth grade: SAD44—79; SAD43—62; SAD21—47.

Sixth grade: SAD44—50; SAD43—53; SAD21—68.

Nielson murder trial to begin next month

ASSOCIATED PRESS

A cook charged with murdering four people here Labor Day weekend in 2006 is headed for trial next month.

Christian Nielsen faces charges of murdering Black Bear Bed & Breakfast owner Julie Bullard, 65; her daughter Selby Bullard, 30; and Selby's friend Cindy Beatson, 43, last year on Sept. 3 and 4 at the Newry inn where Nielsen rented a room.

He is also charged with murdering James Whitehurst, 50, a guest at the inn, earlier in Upton.

Nielson, 32, has pleaded not guilty by reason of insanity and is scheduled to go on trial in October. He is being held at the Riverview Psychiatric Center in Augusta.

People in Oxford County are bracing themselves as prosecutors and defense lawyers make final preparations.

"It's very fresh in our minds, and it's not over," Monica Luden, who worked with Beatson and Selby Bullard at a local real estate company, told the Maine Sunday Telegram. "We will never understand why it happened."

The trial will focus on whether Nielsen should be held responsible for those actions. His lawyers will argue that he is not criminally responsible by reason of mental disease or defect.

Nielson has told police that on Sept. 1, 2006, he lured Whitehurst to a logging road near Upton, shot him and burned his body.

He said he shot Julie Bullard at the Black Bear two days later, and then shot Selby Bullard and Cindy Beatson on Labor Day when they showed up to check on Julie Bullard.

In the Bethel community, talk about the crimes has resurfaced with the arrival of Labor Day.

"This week will be tough," said Alison Martin, 28. "You get that feeling of September in the air, and you can't help but think about what happened. I think people will be looking to the trial to add some sense of closure."

The trial is expected to start Oct. 9 at the Oxford County Superior Court in South Paris.

Route 113 gets byways designation

BATCHELDER'S GRANT—Most of Route 113 in Evans Notch is part of a section of that route designated last month by the Maine Department of Transportation as a state scenic byway. The byway begins in Standish and extends to the border with Gilead. Last year Gilead and Bethel selectmen did not endorse the proposal for the byway to continue into their towns. Concerns were expressed that the government funding that comes with designation would come with strings attached, and that there would be an increase in traffic. The designation also makes the communities and organizations involved eligible for additional state transportation funds. Participating towns will now take part in drawing up a corridor management plan.

East B Hill to be paved

UPTON—Voters last week approved funds to pave a 350-foot section of East B Hill Road that has washed out twice in recent years. About two dozen residents attended the special Town Meeting last Thursday and voted to take \$3,000 from the Surplus Account and the rest from the summer and winter roads and equipment repair account to pay the estimated \$17,000 needed for the work. A proposal to raise \$20,000 in taxes for the job was defeated at the annual Town Meeting in March. Also approved last week was an additional \$688 for school expenses.

Route 2 project begins next week

BETHEL—Work is expected to begin next week on the next phase of a Maine Department of Transportation project to improve Route 2 in Bethel and Gilead. K&K Excavation of Turner will do the work on the two-mile stretch, beginning near the Pleasant River bridge, at a cost of \$8.9 million. The project, scheduled for completion in August of 2009, will include blasting away ledges along the winding road. The ledge portion of the project is expected to take place this winter. The Pleasant River bridge will also be replaced as part of the work.

Town House named to register

ALBANY—The Albany Town House has been placed on the National Register of Historic Places. Built in the mid-1800s, it served as a meeting place for the town of Albany, until the town deorganized in 1937. Residents continued to vote there until last year, when elections were moved to the Grange Hall to provide handicap accessibility. The Albany Improvement Association has been working to get the building on the register as part of an effort to make improvements to it. Plans are also in the works to provide handicap-accessibility.

Prizes for pies

BETHEL—The Bethel Area Chamber of Commerce is seeking all pastry chefs, both talented home bakers as well as those who work at it professionally to enter a pie into the fifth annual Apple Pie Contest, which is part of the Bethel Harvest Fest on Saturday, Sept. 15. This event is sponsored by the Good Food Store and three categories will be judged: amateur traditional pie, amateur non-traditional pie, and professional pie. Gift certificates to the Good Food Store will be awarded to the winner in each category and the slices will be sold. Anyone who is interested can contact the Bethel Area Chamber office at 824-2282, or simply bring the pie to the chamber tent on the Bethel Common (next to the gazebo) by 11:30 a.m. that Saturday.

Driver in fatal accident intoxicated

TURNER—The driver of a pickup truck that collided with an ambulance on Route 4, killing a paramedic and injuring two others, was intoxicated, according to police. Christopher Boutin, 29, of Turner was the driver of the truck. The crash killed Allan Parsons, 46, a paramedic with Med-Care Ambulance, and injured Arlene Greenleaf of Bethel Rescue, who was driving for Med-Care at the time.

Umbagog land swap proposed

NEWBURY, N.H.—The U.S. Fish and Wildlife Service is offering to swap a piece of land in Errol for the former summer home of John Hay. Hay was Pres. Lincoln's personal secretary and the secretary of state under presidents William McKinley and Theodore Roosevelt. The 164-acre John Hay National Wildlife Refuge is on Lake Sunapee in Newbury and was donated to the federal government 20 years ago as a historic site and migratory bird sanctuary. Under the swap proposal, the New Hampshire Audubon Society would buy a 727-acre property in Errol abutting the Lake Umbagog National Wildlife Refuge. The government would swap the northern half of the Hay property containing the summer home for the Errol property. The volunteer Friends of John Hay Refuge would buy the Hay parcel from the Audubon Society and agree to maintain it.

ing each week, and local officials believe it's likely they're being picked off by coyotes.

Hampton Animal Control Officer Peter MacKinnon said coyotes are now thriving in the East, which is good for their species, but bad for outdoor cats.

Eastern coyotes are no match for most domestic pets. The average adult coyote weighs from 30 to 45 pounds, can run up to 40 mph, and jump 14 feet.

Hampton advises cat owners to keep their pets inside at night. He says dog owners should make sure their backyards are secure. Trash cans should have tightly secured lids and pet food should not be left outside.

And back in Bethel, it's not just cats that disappeared.

The tree-lined lower village has always had a healthy population of gray squirrels.

"But they're all gone now," DiCocca said.

Marina

Continued from page 1

they do so for only one year at a time.

But such an arrangement, Henderson said, would leave Lawrence without access to his marina if future selectmen decide not to renew the lease, or if Greenwood voters decide to take matters in hand themselves and reject the arrangement at a Town Meeting.

"It's not a very secure thing," Henderson said, "and I don't think it's particularly good for the boat landing."

Selectman Wayne Hakala said a one-year arrangement, as recommended by the lawyer, "is not good for anybody. I think we need to look at alternatives."

Loretta Mikols, chairman of the selectmen, worried about safety.

She said she did not think the town lot was large enough to accommodate the increased traffic that would follow granting a license to cross.

"I've spent over the last week a lot of time sitting in that parking lot. Yesterday [Labor Day] the crowd that was there was frightening.

It was like watching bumper cars in an amusement park," Mikols said. "I think that as small as that parcel is granting a license to cross at the vehicular level is going to create an even worse situation."

"I wish there were some other way to work it out," Mikols said, "but based on what I saw — and I'm just focusing on the safety factor of cutting that parking lot — I just don't see a good outcome of granting a license to cross."

When it came time to vote, Hakala motioned that the license be rejected.

Mikols and Henderson voted not to grant the license, but Hakala then opted to abstain.

Pressed for his reason for abstaining, Hakala replied: "I'm just not comfortable with the whole situation."

The Board of Appeals is scheduled to continue its review of the marina plan at a meeting scheduled for Monday, Sept. 10, at 4 p.m.

Board Chairman Cathy Newell said Wednesday she was not sure what impact the town's decision will have on the Appeals Board's review.

ously going to be seeing more combat-related injuries in the next four or five years," she said.

Joanne McMahon, of Brunswick, and Bob Kroll, of Portland, both registered nurses, are medical volunteers for

the program.

"It's an amazing program," McMahon said. "You hear the stories from the vets, what this has done for them, how this program has opened doors to other things in their lives."

Brook

Continued from page 1

WHERE HIGHWAY DOLLARS WILL FLOW—A project to narrow the channel of Barker Brook beginning by the bridge on the Sunday River Road is expected to begin this week. Sediment deposited in the brook has destroyed much of the natural habitat, according to Deane Van Dusen of MDOT. Sedimentation is also a problem in the Sunday River, he said. In cases where a river system experiences increased sedimentation, the system gradually re-establishes a balance for carrying the material. "It tries to correct itself, but it can take decades," he said. The Barker Brook project will be done by Farley and Son, of Rockport, a company experienced in wetland mitigation. Work in the brook itself will conclude Oct. 1, and the entire project will wrap up by Nov. 15.

kinds of flows," he said. "It's degraded the habitat. Right now that stretch is pretty sterile."

The cause, said Van Dusen are land use practices upstream, including resort development, ski slope development, the construction of vacation homes and pulp harvesting.

"They all add to the sediment deposition. You can't blame it on any one," he said.

To solve the problem, MDOT plans to narrow the brook on the project site.

That will increase the velocity of the water and, Van Dusen said, hopefully carry the sediment through the section down to the Sunday River.

The plan also calls for the creation of pools and riffles in the brook to provide habitat for fish and invertebrates.

Sunday River sediment
What is the implication of

added sediment for the Sunday River?

The river is able to carry a lot of sediment, Van Dusen said, and the additional amount of material that will be deposited from Barker Brook, he said, is relatively "miniscule."

But that doesn't mean all is well with the Sunday River, he said.

In the big picture, "It's not designed to support as heavy a sediment load as it's enduring now," said Van Dusen.

As with Barker Brook, land use is to blame, he said.

When MDOT was seeking a compensatory project for the Route 2 work several years ago, "we talked to conservation organizations in the area, and everyone was saying, 'go to the Sunday River,'" Van Dusen said.

MDOT then funded a watershed assessment for the riv-

er.

The assessment identified a half dozen potential project sites in the watershed.

The second choice after Barker Brook was a section of the Sunday River near Outward Bound, where the river is threatening the Sunday River Road.

Work for that site has since been funded through grants.

Other potential sites included a section of the Sunday River near the Artists Bridge, where bank erosion is a problem and a lot of sediment is deposited, Van Dusen said.

But, he said, the project would have been "huge," at a cost of \$500,000.

Another possible site was a steep section of the Merrill Brook, where a large culvert has been a problem and the channel below the culvert is too wide.

Work on the Barker proj-

ect is expected to wrap up by Nov. 15, Van Dusen said.

Storm impact minimal
The heavy rainstorm of July 11 did not add significant sediment in that part of the brook, said Van Dusen.

The force of the large volume of water "was going to carry the sediment through no matter what," he said.

The storm dropped approximately seven inches of rain over three hours, washing out area roads and causing other damage.

On Barker Brook, "all the water stayed in the channel," he said. "The flood plain did a good job accommodating those flows, and the channel worked pretty well."

Plants along the brook absorbed much of the water, said Van Dusen, but there was a lot of woody debris deposited in the brook.

The Way I See It

by Sharon Bouchard

Sharon Bouchard's column is published by special arrangement with the Advertising Department

One of my fondest memories of when I was a little kid is when my mother would take me uptown for an ice cream on Saturday afternoon. Admittedly that was many years ago, though much more recent than the horse and buggy days as my kids seem to think. It was a much simpler time, at least for me.

I came from the era of the soda fountain which was a delightful experience that I'm afraid is lost on the youngsters of today. I imagine if you mention soda fountain to a kid now, they would immediately conjure up an image of a municipal fountain spouting Pepsi or Coke.

But in my day it was a counter with high stools and behind the counter there were tall black and chrome spigots for dispensing soda and sweet syrups, a lot of stainless steel and always a huge mirror on the wall. In fact, in Norway alone, there were six businesses with soda fountains. In those olden days we didn't know much about high fat and cholesterol and could look ourselves right in the eye while we consumed the artery clogging sweetness.

Anyway, I was talking about a fond memory of going to a soda fountain with my mother. If it was just ice cream we were after we went to Ashton's Drug Store or Fletchers. If there was a need to combine shopping with our mission we got the ice cream at Newberry's or Stone's Drug Store. Once in a great while we would end up at Barjo's Restaurant or venture all the way down to the other end of Main Street to Harlow's.

For all the options of where to buy ice cream there were not that many choices on what kind of ice cream to buy. The menus consisted of vanilla, chocolate, strawberry, coffee, and fudge ripple, sometimes pistachio and at Barjo's, my personal favorite, banana. All hard serve, no low fat.

I always got fudge ripple unless we went to Barjo's, then, of course, it was banana. I was a bit of a rebel and didn't want to fall into the vanilla, chocolate, strawberry mold. I thought that was way too common. My mother always ordered vanilla.

Later, when I was old enough to ride a bicycle, Lyndon Spinney had opened the Dairy Joy and introduced the area to soft serve. I thought I was a big shot to pedal my bike there and get something different. The flavors were vanilla, chocolate, vanilla and chocolate twist and sometimes strawberry and coffee. I always chose the twist.

Now, everything has changed. The soda fountain and Dairy Joy are long gone replaced by seasonal ice cream stands. The menus are vast and the flavor options are endless. When I go to one of these ice cream stands it takes me at least a half hour of standing in the hot sun just to decide what I want.

There is hard serve, soft serve, frozen yogurt, frozen custard, sherbet, Dole whip, low fat, no fat and reduced cholesterol. There are anywhere from 20 to 30 flavors of hard serve, several options for soft serve and at some of the stands there is a sign boasting 24 different flavors that can be added to soft serve.

Mind boggling, isn't it? And it doesn't stop there. The consumers have a choice of cones too; regular waffle or sugar cones and at some stands that choice expands to chocolate covered cones or chocolate and nut covered cones, or you can always have your ice cream in a dish.

Then you can add the choice of chocolate sprinkles (we used to call them jimmies) or colored sprinkles. If that's not enough you can have several different types of candy mixed into your ice cream or you can mix your ice cream in with your favorite flavor slush.

On top of all those options there are the old standbys like sundaes (several to choose from), parfaits (several to choose from) milk

shakes (any flavor you can create) and good old banana splits.

Buying your ice cream in the supermarket isn't a whole lot easier. There you will find several brand names, many flavors, premium, gourmet, low fat, no fat, in-between fat, Italian ice, and ice milk. I won't even bother to go into the ice cream desserts, ice cream bars, sandwiches and a whole slew of other frozen concoctions.

Is it any wonder that ice cream is an \$11 billion retail industry? To put that into a different perspective, each American consumes a yearly average of 23.2 quarts of ice cream, ice milk, soft serve and other commercially produced frozen dairy products.

Considering that 98% of all households in America purchase ice cream, I would guess that some of us are consuming a little more than our 23.2 quarts a year. I'm not sure I would trust the other 2% who are not buying ice cream.

It's probably not too hard to figure out that the United States ranks number one in the top 10 ice cream consuming countries in the world. It may surprise you though, that the next 9 in order of top consumption are New Zealand, Denmark, Australia, Belgium, Sweden, Canada, Norway (the country, not where I grew up) Ireland and Switzerland.

A couple of other interesting ice cream facts are children ages 2 thru 12 and adults 45 and over eat the most ice cream per person. And believe it or not, the average number of licks it takes to polish off a single scoop ice cream cone is approximately 50. Here is the most interesting fact of all, in spite of all the choices of ice cream available, vanilla is still the world's favorite.

So no matter what your favorite flavor, choice of cone, what you mix in or don't mix in, or how many licks it take you to eat an ice cream cone, just keep consuming that ice cream. The way I see it we should all do our duty and eat at least 23.2 quarts of ice cream this year so we can make sure this great country of ours will remain #1.

Bethel

Mayville and Around Town By Donald G. Bennett

D.A. Wilson Company has excavated the general foundation area for Gould Academy's new tennis court complex on the north side of the field house. When the new courts are ready for use the Elm Street courts are expected to serve as practice courts for a while but are scheduled to be removed at some point in the future.

Gould Academy registration for new students is scheduled for Sept. 5. Classes are scheduled to commence on Monday, Sept. 10.

Sept. 10 is the date for the wrap-up meeting and declaration that the job is done for the Riverside Cemetery riverbank stabilization project — NRCS's chief supervisor will preside and contractor, town and cemetery association representatives will attend.

Main-Land Development Consultants had four proposed actions in progress before the Bethel Planning Board according to the board's Aug. 22 agenda: Locke-Summit Estates, 31 Park Street Condos, Winter Park Subdivision for Flat Road L.L.C. and Phase V of the Taylor Woods Subdivision.

Driving up Paradise Road from Vernon Street one would get the impression that Bethel was competing to be pothole capital of Oxford County.

Mayville Junction, the retail and residence condo building, has received a Bethel Planning Board approval for a "kiosk" style sign with two panels. Last Thursday Pine Tree Paving did what appears to be an excellent job of finishing up the property's driveways with a layer of rock/gravel mix topped with asphalt. Friday morning, three tom turkeys spent some time looking over the new pavement, mulling over the situation and looking official. It was too much for one turkey, who just dozed on the job.

At the Bethel Shop 'N Save aka Glidden's aka The IGA, framing is going up for the building's extension of its High Street end.

Mike Brown's old house, the Farwell House, now Pat Thurston's property on the corner of Elm and Railroad streets has been getting landscape improvements with new shrubbery.

Jeff Parsons writes: "I love the discussion on the geological classroom opened up by the backhoes at the cemetery. Best seen from the river, too, which has been commented on by not a few of our clients at BOA. If the farmers market is getting less trade, what about a "permanent" market somewhere in Mayville, with

its easy access to Routes 2 and 26? I will offer our location and will talk with John Carter about it. He already has some of his excellent corn for sale in our front office. It sure seems that the newly paved trail is getting increased use. I wish we had a way to count that. But someone sitting idly on the trail with a clipboard would no doubt get a variety of people and stories — at least anecdotally."

A California correspondent has asked for information about an Elmer Lovejoy, father of Marie Lovejoy Dennis who was born in 1890. Mr. Lovejoy may have lived from the 1861(?) to the 1930s or later. Marie Lovejoy Dennis was married to Carleton A. Dennis, a chemist employed at the (Oxford?) paper mill in Rumford. It is also possible that Elmer Lovejoy came to Rumford from Aroostook County. If anyone has pertinent information that can be passed on, please call or e-mail me — see last paragraph for numbers and e-mail address.

Next week's column will have some more old-time news about when the Locke's Mills part of Greenwood might have become officially known as the Locke's Mills part of Greenwood.

A quick rundown on Labor Day Weekend Saturday: Based on parked cars and golf course activity, The Bethel Inn seemed to be the most active spot in the Bethel-Sunday River area. Sunday River Golf Course had about 40 cars in its lot during mid afternoon. South Ridge at Sunday River was open for chair lift rides but only about a dozen cars were parked and few people were to be seen. If you have not seen Sunday River's new "Grand Canyon" at the Barker Mountain Lodge, it is one spectacular washout. Viking Village seems to have come through the July storm mostly untouched. Some of Viking Village's earlier modest vacation homes have given way to larger, mini-mansions that reflect the change in styles and times for the earliest village at the ski area. The Summit and Jordan Grand hotels had some guest check-in traffic and the parking areas held from 12 to 25 cars, the Summit having the larger count.

New York Pizza's location (once the Phyllis Williamson camp) looks like its foundation is all ready for new framing. But don't call to order yet. At White Cap work to repair July storm damage is still going on. New culverts have been installed for Barker Brook's normal amount of flow but the lift terminal has the legs for one end still hanging suspended in a washed-out ditch.

Kudos to the Swan family who have added new cream-colored siding to their home

From the Bethel Police Log:

Sunday, Sept. 2

At 10:40 a.m. Officer Mike Kelly responded to a residence for a domestic dispute.

Saturday, Sept. 1

At 10:15 a.m. Officer Mike Kelly responded to Main Street for a report of an open door. There was no evidence of illegal activity.

Friday, Aug. 31

At 5 p.m. ACO Phil Taylor took a report of a cat missing from a Paradise Road location.

This report highlights points of interest from the Bethel Police Department log. It lists cases reported in the log of adults being arrested or issued a summons in the 10 days prior to the newspaper's publication, but does not include all reports of police activity, such as routine speeding tickets and other civil violations. To reach the Bethel Police Department, call 911 in emergency situations, 824-3437 in non-emergencies.

Tips from the Bethel Police Department

1. If you dial 911 by mistake, don't hang up. Stay on the line and tell the dispatcher what happened.
2. So that responders can find you quickly in an emergency, make sure your house number is clearly visible from the road — on the house if it is near the road, or on a mailbox or post if the house sits more than 50 feet back.
3. Watch out for scam letters and phone calls. A letter may state you have won money and need to pay a fee to claim the prize and release the money. Sometimes people will receive a check they are directed to cash, and then repay a portion to the sender. Phone scams may also attempt to elicit information (such as a social security number or birth date) the caller can use to steal someone's identity. And if a caller says they are collecting money for a good cause, ask that written information be sent first.

that stands where the former Locke Mountain House once stood. Their efforts to rebuild after the fire that destroyed the last of the old farm buildings add a nice touch to the lovely old grounds.

The "Brew Pub" had a good lunchtime crowd — coming in as many as 30 to 40 cars and motorcycles. This time of year the pub attracts many casual drivers and sight-seekers plus word-of-mouth clientele.

Back at the gateway to Mayville the two Adventure businesses had average amounts of parking lot populations. One difference this summer has been the noticeable lull in the number of bikers peddling through Mayville on Route 2. As the holiday weekend approached, traffic picked up

but late July and August did not have the usual number of bicycling parties pumping the by-way. This deficit was more than made up with more paddlers on the Androscoggin. (June 2, 1893 the Oxford Advertiser reported: "The bicycle is all the rage for the young men of Bethel and the question is shall they have equal rights with bipeds on the sidewalks and shall they be taxed." Two months earlier, the newspaper reported that Dana Philbrook (Mechanic Street) has taken out a bicycle agency and was selling them on easy installments.

DOWNHILL DERBY—The West Paris Downhill Derby Club is well into its seventh season, and just completed its third race. Eight boys and girls participated in the junior division and six in the senior division. The races are open free of charge to all youths ages 7 to 17. The derby club currently has two cars that have been donated by the West Paris Mason's Lodge #182 available to those without cars on a first come first serve basis. The races are run with volunteers and have been made possible by donations from individuals, area businesses and clubs. The racing equipment has outgrown its space. The club is seeking funding to build a 16 X 16 shed to store current and future racing equipment. Please contact Katie at 207-674-2628 for more information. The Downhill Derby's Arthur Dean Memorial Race will take place on Sept. 9.

Laughey (who have just recently moved back to Gilead), Norm Buttrick and Cathy McGuire, Heidi Munro, Doris Fraser of Bethel and Richard and Nancy Fraser of Poland, Maine.

Hugh and I are always running into people that we know at Shaw's or Wal Mart. This past week, we saw Susie Wight of Bethel. We got to catch up on how things are going with her son and his wife, Nate and Kate Wight.

Our granddaughter, Sidney Chapman, spent this past weekend with us. She was a big help with the Yard Sale that we had at the Town Hall to raise money for the Gilead Historical Society.

Gerard Dupont had several relatives visiting from Canada this past weekend. There was a family picnic that was attended by local relatives of Gerard, including his daughter, Lise McLain.

Town Office News
Reminder — there will be a Special Town Meeting held on Thursday, Sept. 20, at 7 p.m. at the Town Hall. The purpose of the meeting is to attain funds to purchase the building next to the Town Hall for a Town Office, to do necessary repairs on it and to do some work on the Town Hall. The next Selectmen's meeting will be on Sept. 19.

Gilead Historical Society
Since there were several items donated for a Yard Sale, the GHS set up over the Labor Day weekend and raised a little money for the general

fund.

The next event for the GHS is the annual meeting. It will be held on Saturday, Sept. 22, at the Town Hall. The Potluck Supper will begin at 5 p.m. and will be followed by the business meeting.

The public is invited to the supper and the GHS is hoping for a big turnout. Everyone just needs to bring a food item to share, gather up the family and join everyone at the Town Hall.

The business meeting will begin around 6:30 p.m. One of the items to be discussed is what events will be held next year and to set the date for the 2008 Annual Meeting. Be sure to come with plenty of ideas and how to carry them out.

Hanover

by Clem Worcester

Municipal officials from Hanover are pleased to announce that the town of Hanover has received a \$168 dividend check from the Maine Municipal Association as a result of its good loss experience.

The Maine Municipal Association offers three self-funded pools for municipal and quasi-public entities in Maine: the Workers Compensation Fund, the Property and Casualty

Pool and the Unemployment Compensation fund. Over \$1.2 million have been distributed as dividends to participants in Maine.

The mobile home of Herb and Ruth Kitredge on Brown Road has stood alone and lonely since Herb and Ruth passed away over the past few years. Now new life will be pumped into the structure as it is being prepared for moving to a location in Mexico and a younger couple will reside in it.

The annual dinner meeting of the Howard Pond Preservation Association took place last Thursday at Teena's Restaurant in Rumford.

Three people were hurt as the result of two auto crashes along Route 2 about a mile apart on Monday, Aug. 27. The first accident occurred near the Davis Equipment building while a pickup truck was passing a loaded chip truck with approaching traffic. The pickup ran into the chip truck's trailer, and then rolled over multiple times. The second crash began when a vehicle left the road in Newry struck and broke a utility pole and continued into Hanover across the lawn at Ed and Carillee McPherson's home. The passenger was air lifted to a Lewiston Hospital.

A reminder for the Rumford Grange Meat Loaf dinner next Sunday, Sept. 9, at the Grange Hall in Rumford Center, serving from noon to 1:30 p.m.

Barb and Irv Robinson have completed their bicycle trip from Maryland to Colorado.

They returned to Maryland by train.

Jim Ray is recuperating at home in Austin, Texas, following a hospital stay for a heart attack. All his Maine friends are wishing him a speedy recovery. Jim is hopeful that he will be able to visit Hanover in October.

Officials of Gardner Roberts Memorial Library have expressed gratitude to Ray Taylor for a donation of \$1,200 to cover an overrun in expenses for the library moving project.

Donations from Ray Taylor and his family in Memory of Jane Taylor were largely responsible for the completion of the building moving project this summer. Ray Taylor is presently on a fishing trip to Wyoming.

Joan Tucker has been with her family at camp on Flagstaff Lake in Eustis over the holiday weekend.

The town of Hanover's financial records were audited last Friday by an accounting firm from Bangor.

Everyone has noticed that the State Trooper has been aggressively stopping speeding cars in the area during the State Police patrol months (odd-numbered months) in the area.

Gail Parent was quite concerned recently when the blue lights pulled her over. "I wasn't speeding," she told the trooper. He replied that although she wasn't speeding 45 mph was too slow! Put the pedal to the metal, Gail!

Woodstock and Greenwood Senior Citizens will meet (today), Sept. 6, at the Masonic Hall. Meeting starts at 11:30 a.m., dinner following put on by the Star Birth Club, and program after dinner by Wendy Newmeyer from Balsam Fir Products. New members are always welcome.

Services at the Baptist Church are Sunday School at 9:15 a.m., morning worship at 10:30 a.m., youth group at 4 p.m. and evening service at 6 p.m. Wednesday evening is prayer meeting at 6:30 p.m. Sept. 8 is the church picnic at Littlefield's Beach.

The Whitman Memorial Library will be starting the monthly speaker programs for the school year. The programs will continue to be on the second Thursday of

each month, but please note a change in the time of day. The meetings will now be in the afternoon at 2 p.m. On Sept. 13 at 2 p.m. Pat Gott of South Paris will be guest. She will be talking about her latest book, "So You Want to be a Cowgirl". Pat's adventures have taken her from working for the CIA to office manager for C.N. Brown, to owning and operating Motion 26 Roller Rink to traveling to Africa, to spending three summers being a horse wrangler and trail guide in Wyoming. Come and join them, but don't forget the new change in time, 2 p.m.

Saturday, Aug. 25, the McDonald reunion was held at Mexico recreation field. Over 100 attended. Those from town were Donald Hoyt, Ben Hoyt, Echo and Alex and Jacob; Kenneth and Alice Hoyt; Beth Hoover; John, David and Shawn Crockett from Bethel and Norway. The oldest was Alice Gould and the youngest was Salomon Perry. Organizers were Michele Richardson and Crystal McKenna. They did a great job.

Historical Society

The Historical Society Museum now has what it needs to represent the area well. Artifacts from Bryant Pond combined with fine arts and antiques to make it outstanding in every respect. Society members and area residents have made all this possible and the museum is truly grateful. Everything added now is a bonus. Mary and Larry Billings watched the museum the last Saturday it was opened. They had exceptional attendance with people in almost every Saturday. The museum is now open for meetings only, but they look forward to another season next year. Society products do make good Christmas and general occasion gifts; you can contact the members about getting some. The collections in the museum undoubtedly impress visitors. They seem to like the fur-

niture and local artifacts best.

Society members continue to work for the community year-round. The next meeting is Sept. 8, at 7 p.m., at the museum. Curator Larry Billings will have the program.

Curator Larry Billings has nearly finished Sir Kenneth Clark's study, Leonardo Da Vinci. He was most interested in the passages about The Last Supper and Mona Lisa. The New England Cultural Center concentrates largely on art and Larry has prints of both those paintings there.

West Paris

Beautiful weather for the holiday weekend with more promised for the whole week.

The West Paris Universalist Church starts up for the winter season on Sept. 9 at 9 a.m. The congregation welcomes the new minister, the Rev. Richard Beal. He will begin to consider how we worship together and build our future. Come and help welcome him. A coffee hour follows. The organist is Jim Burke, and he will be playing the new organ purchased this summer.

I enjoyed Richard Grover's trip to Ireland with the Perham Family and was pleased

to see last week that they finally got home! Traveling is so educational.

Beverly and Vince Stevens spent the weekend papering and painting in Norway with Bruce and Flora Thayer.

Last week I filled the refrigerator in my little Trilium camper along with a few clothes and sleeping bag, picked up Myrtle Cadinalli and spent two days and nights at Littlefield's Beach. The weather was perfect. The evening campfire was nice when the coals burned down to a red glow just right for toasting marshmallows. The area was not full so we had a quiet time. For Labor Day weekend they were booked full and turning people away. We picked a good time to enjoy the beach and sunshine.

The past week was the start of the school year. We all need to drive extra carefully as the big yellow buses make their rounds four times a day. They pick up the high schoolers real early and later the grade-school kids. Also, most days there is a fifth trip for the activity children late in the afternoon. It is a lot of riding for some of our kids.

From last week's report of my attendance at Lamb Reunion was only my sixtieth year instead of 69. I did get married at 18 but the paper would have made me nearly ninety. I am getting there hopefully, but not for a few

years yet.

Muffin appears to be growing. She was two and a half when she moved in with me so should have been fully grown. She does get more canned food than she did and gets a bit whenever she asks for it. Also her winter coat seems to be filling in.

We have to gather around and give our

prayers and support for Leah Deegan. Everyone knows of all she has done for the Legion and the community. Now she is in the hospital as I write this and she really needs our help. Leah had an operation last Wednesday and all she cares about is that the Legion kitchen is running smoothly. As you all know, many of her true friends have stepped up and are doing double duty. Please say a few extra words for Leah. She has always cared for all.

Also with the Legion, on Sept. 11, there is going to be another Musical Supper. The band will be the smooth sounds of the Parisians. From what I am hearing there will be plenty of good eating and you will have to get right up and dance away

the extra calories. How can you beat being able to eat all you want and then dance it off to really terrific music?

Vera Cross had an unexpected visitor recently. As you may have noticed Vera had her driveway sealed very nicely. She thought she heard a horse out on her drive. Moreover, you know Vera is just a wee bit hard of hearing. Well when she looked out, there stood a moose. She was very surprised and didn't bother to tell it to move off her nice sealed driveway. I do expect the moose must have left tracks of black for a ways though.

Saturday evening we attended the Blazing Star supper. As usual, the supper was very good and well attended. Many from town attended and caught up on the goings on of friends and family too.

On our way home we visited with Tatter for a few minutes. He filled us in on all the happenings of the Bethel and Paris DOT camps.

I hope all watched that rookie pitcher for the Sox. That was some game and one that young Buckholz will always remember. Course now the Sox are six ahead of the Yankees. Go Red Sox!

Andover

by Melinda Averill
Hello folks; I hope that everyone enjoyed the Labor Day Weekend.

It sure was a gorgeous one weather wise.

Peggy and Joe Madigan had lots of company in the month of August. On the 4th, her son, Bob, daughter-in-law, Rachel, and granddaughter, Joslyn, arrived for a week's vacation. On the 12th, daughter Suzann, son-in-law Bryan, and new grandbaby, Elly, arrived for a week. While here, they enjoyed hanging out at camp, and visiting with friends.

Winter hours at the Andover Library begin the week of Sept. 11. They are: Tuesday, Wednesday, Thursday and Saturday, 1 to 4:30 p.m. and Thursday evening from 6 to 8 p.m.

There will be a lot of activity in town this weekend, with the Best of America By Horseback grand tour 2007.

There are full schedules posted at the businesses around town.

Happy birthday this week to Cameron Chase on Sept. 7 and Lisa Gammon on the 9th.

Speedy recovery wishes to Brandon Palmer, who was injured in a swimming accident on Aug. 2. His grandmother, Joanne Palmer, lives in Andover, and his father, Russell, grew up here. A fund has been set up to help with his medical costs and for therapy, which he is hoping to receive in Atlanta Ga. Anyone wishing to contribute may send donations to Northeast Bank, c/o Brandon Palmer Therapy Fund, P.O. Box 850, Bethel, ME 04217.

On Thursday, I traveled to Waterford for an osteopathic treatment.

After my appointment I drove over to Harrison and had a very pleasant visit and lunch with Darlene Boisvert. The Saturday before she and I had driven to Colebrook to visit and have lunch with a very special friend of ours and his wife.

Mark came out to help do some yard work on Saturday and again on Monday. We always like to walk up to the Branch Brook waterfalls. He took some great pictures on Saturday at the bottom of the falls.

On Sunday I drove over to visit Saul, Johan and Philip, who was visiting for the weekend from Concord, N.H. We had a pleasant and very short visit. On my way home I stopped to visit Fran Kerchner in Andover. She was just saying goodbye to Linda Percival.

They had just finished a four-mile bicycle ride. We waved to Linda as she was cycling home. I didn't see Wayne, as he had driven their boat to South Paris for winter storage.

Sandee and Leon Dunn attended the Samboree at Fryeburg for the weekend and returned home on Monday.

Belated anniversary greetings to David and Rockie.

The first meeting of the 2007-2008 Windy Valleys Snowmobile Club (MVSC) will take place Sunday, the 9th, at 7 p.m. at the Town Office. Newcomers are welcome.

Albany

by Sheila Dyke

Greetings and hello from Albany Township. We hope that all is well with everyone out there. We are recovering from our ordeal of bringing Dyana to college, and she's progressing nicely (probably better than we are at the moment).

Remember, too, that the kids are out in the morning awaiting their buses, so, please drive carefully and be aware.

This Thursday, Sept. 6, will be the last Church Supper of the year. The proceeds from this supper will benefit the church youth. We're hoping to make it — we hope you can, too. Seating is at 5:30 p.m., so, get there early as you can!

Best wishes for a happy and safe week. God Bless and Keep!

I write this on Labor Day; a holiday that is no longer as important as it was. There are few parades or picnics dedicated to Labor. Now it seems to be a holiday only at banks/town and state offices and the like that are closed. For most of us it is operations as usual.

School is back in session, and so far I am hearing good things about classes. Fifth-graders seem happy; Marie's first day of kindergarten was good — she is unhappy there is no class today, Monday.

ROOF-WORK

A project to make improvements to the roof of the Bethel Fire Station, including extending the eaves. Maine Custom Builders is doing the work.

That is a good sign.

Saturday, Sept. 8, as I said last week, the Sand Lot Bottle Drive is happening. Those wishing to donate can call Jeff or Corinna Beebe at 583-2724, or Tom or Sam Murch at 583-2553.

The Waterford Library has several things happening this month. "Who Dun It" is at 3 p.m. Friday. On Sept. 7 the book is "Dance Hall of the Dead" by Tony Hillerman. On Sept. 28 it is "Skull Mantra" by Eliot Patison. The discussion leader is Michael Bachan. The library book discussions are at 10 a.m. on Wednesday, Sept. 26. The book is "Suite Francaise" by Irene Nemirovski. On Oct. 24 "Widow of the South" by Robert Hicks will be discussed. FMI: call 583-2050.

On Wednesday, Sept. 19, at the Oxford Hills Middle School there is a square dance. It begins at 7:30 p.m. FMI: 743-7176 or 583-2224.

On Sept. 7 and 8, timed to coincide with the 75th anniversary of the place that monitors the worst weather in the world there will be a Symposium for Air and Climate. Admission is open to the public. FMI: visit <http://www.mount-washington.org/events/symposium2007>. Sounds great to me!

The Waterford/Stoneham/

Albany Lions meet this Thursday at 5:30 p.m. at the Bear Mountain Inn.

David and I took a hike this weekend because the weather was so great. We were scheduled to go up Moat Mountain but it changed to Lord Hill. That was a slightly harder hike, but we made it, somehow. We looked for gems at the mine, but found little — just one crystal. It was fun to be out and about anyway.

Hope all had a great Labor Day. The weather was great. See you all soon.

Last week I joined several members of the Mundt-Allen Legion Post and the West Bethel Union Church in celebrating the life of Bob Bagley. Bob and his wife, Ida, moved to the south Songo Pond area a couple years ago from Gorham, N.H. They were both frequent attendees at the West Bethel Church and members of the Mundt-Allen Post and Unit 81. Both Bob and Ida were/are well liked by just about everyone who knows them.

Funeral services were held in Gorham, where Bob and Ida had many friends and relatives and where Bob was laid to rest. It was heartwarming for me and all the other veterans who were there to see the outpouring of love and respect by several veterans groups, including the American Legion, the VFW, Vietnam Veterans of the Gorham/Berlin area, a group of motorcycle rider veterans, and a large contingent of Marine Corps League veterans, all wearing their red Marine Corps hats (Bob was a Marine and Vietnam veteran). Quite a few veterans and friends from the Bethel area attended as well. Bob's passing leaves a hole in many hearts!

Also last week, my son-in-law, Mark Holderbaugh, who lives near Champaign, Ill., with my daughter, Cheryl, and their family, changed jobs after 12 or 13 years with the Motorola Company. Motorola closed their Champaign plant and laid off nearly 400 workers there, Mark being one of them. The good news is that he accepted a new job with the Yahoo Internet company which is opening a new facility in Champaign. That being the case, I urge everyone to quit using Google and start using Yahoo as their Internet search engine!

On Labor Day Weekend, Mona, Snuffy and I went camping at River Bend Campground in Leeds with three Ryerson families — Craig and Jane, Perry and Anna

and Dwayne and Lisa. Going anywhere with this group is always an adventure, and this was no exception. Dwayne brought a beanbag game he calls the "toilet game." It actually involves teams tossing beanbags through a 10-inch diameter hole (the toilet seat) in a board from a distance of about 30 feet, in much the same way as you toss horseshoes, except you don't get any "leaners" with your toilet beanbags.

Our campsites were on the banks of the Dead River between the Androscoggin River and Androscoggin Lake. This is a quiet stream with a barely perceptible current that meanders between banks overhung with huge swamp maples and red oak trees, a beautiful place to canoe and fish for bass and pickerel from your bass boat. Craig and Jane decided to cruise down toward the lake and fish for bass during the quiet Saturday evening, just before dark. They were gone quite a while and didn't return to the campground until quite dark. When asked why they were so late, Craig had a ready explanation.

Just around the bend from our campsites are two bridges over the river, a highway bridge and a railroad bridge, about 100 feet upstream. While canoeing, I had noticed some old bridge piling posts just below the water's surface under the railroad bridge. There were quite a few pilings on both sides of the river, but the middle of the stream was clear. I had told Dwayne about the pilings, and he had passed the warning on to Craig.

You guessed it! On their way back to the campground, Craig aimed for passing under a big, painted white cross on one side of the RR bridge, which he thought marked the open channel. Ka-thump! They came to an abrupt stop atop

two of the piling posts under the bridge. Try as hard as they could to rock the flat bottom boat off the pilings, there they sat, in water probably about five feet deep. Luckily, another motorboat was just coming to the boat landing just downstream from the bridge. This fellow saw their predicament and came to their rescue. He was able to hook a rope on their boat and pull it off the pilings, but only after they got out of their boat and into the other boat! They got back to the campground without even getting their feet wet.

Oxford County Republicans

Tony Payne, executive director, Alliance for Maine's Future, will be the featured speaker at the Sept. 11 monthly meeting of the Oxford County Republican Committee to be held at the Stoneham Congregational Church on Route 5 in Stoneham village.

The evening will begin with a social hour at 5:30 p.m. followed by dinner, the speaker and a brief business meeting.

Payne will outline his organization's ideas for changing Maine's economy and suggest new approaches to critical issues facing the state. All interested area Republicans are cordially invited to attend.

On Aug. 29, Republicans in House District 93 meeting in Dixfield, nominated Katherine Harvey of Dixfield for state Representative as the Republican candidate on Nov. 6 to succeed Rep. Randy Hotham (R-Dixfield), who recently resigned his seat.

Mrs. Harvey has been active in the community as mentor coordinator for Maine Big Brothers and Big Sisters and

Telstar High School Golf

Telstar's golf team has only four members this season, but so far has a record of 4-1. Senior Kyle Maines is playing the #1 position. Senior Ryan Hannigan is playing the #2 spot and senior Dane Wilson at the #3 spot. Sophomore Trevor Kendall is playing the four-man. The team has defeated Dirigo, Boothbay, Winthrop and Monmouth. The squad is looking for any individuals that may want to learn about golf and compete at the high school level.—coach Jim Lunney

High School Boys' Varsity Soccer

Telstar 5, Jay 1; Sept. 4—Telstar's Chris Schwarz scored three goals and Frankie Delduca and Ben Cross one each in a win over Jay. Delduca had two assists and Ethan Morin one. Alex Gundersen had three saves in goal.

Telstar 2, Hall-Dale 0; Aug. 31—Telstar won its first official game of the season in the rain, defeating Hall-Dale 2-0. The Rebels dominated but was unable to score in the first half. In the second half, Telstar continued to control the flow of the game. Frankie Delduca scored the first goal a minute into the second half and Ethan Morin scored the second with three seconds left in the game. Goalies Alex Gundersen and Daniel Vaughn had seven saves. The offense was lead by DelDuca, Chris Schwarz, Andy Whitney and Joe Fournier. Nice defense was played by Deagan Conrad and James Kimball. First home game of the season will be Friday against Lisbon.—coach Tim Remington

High School J.V. Football

Freeport 36, Telstar 12; Sept. 4—Telstar played the first home game of the 2007 season on the new field. Freeport took advantage of five first half turnovers. The Rebels out scored Freeport in the second half 12-8 and improved on blocking and tackling. Tim Fifield intercepted a pass and ran it back for a touchdown! A. J. Hebert rumbled in on a dive play for the other touchdown. Mike Fleet, Teague Merrill, and T. J. O'Connor ran for many positive yards for the offense. Jon Sabins, Mike Redman, Ben Rosenberg, Desman Cox, Mike Fitzmorris, Jason Buck made many great tackles on defense.—coach Tim O'Connor

High School Varsity Field Hockey

Telstar 8, Livermore Falls 1; Aug. 31—Telstar's Josie Reiss and Whitney Mills each had three goals in a win over Livermore. Other scorers: Cowin, Bean, Reiss had two assists and Mills, Bailey Davis and Sam Largess one each.

High School J.V. Field Hockey

Telstar 3, Livermore Falls 1; Aug. 31—After playing a scoreless first half, Telstar got on the scoreboard quickly in the second half when Stephanie Savage scored from the left side of the cage. Taylor Maines quickly followed a minute later with an unassisted goal, and Kayla Merrill added an insurance goal with less than a minute to play in the game. Dee Dee Palmer and Sam Tibbetts had some great saves in the goal, and Carin Donachie, Liz Forkus, and Amber Brooks held down a solid defense in the Rebels first win of the season.—coach Kelly Dole

High School Golf

Match at Bethel Inn; Sept. 4—Telstar swept their tri-match with Monmouth and Winthrop. The Rebels defeated Monmouth 3-1 as Kyle Maines, Dane Wilson and Trevor Kendall won each of their matches. Kyle Maines was the medalist with a 45 for the day. The Rebels defeated Winthrop 3-2 as Maines, Wilson and Kendall won their matches. The Rebels are now 4-1 on the season and travel to Lakewood to play Carabec and Madison on Thursday.

Rumford Hospital
The Central Maine Medical Family

Dr. Lawrence Oliver, MD
Chief, Central Maine Medical Family Emergency Services

Medical School: Medical College of Virginia

Residencies: Emergency Medicine, University of Florida Health Science Center; Pediatrics, Medical University of South Carolina

Certifications: American Board of Emergency Medicine, American Board of Pediatrics

Emergency Department

"I like working at Rumford Hospital because it provides me the opportunity to work in a rural community hospital.

I split my time between CMMC, a Level II trauma facility and Rumford Hospital, which offers me the best of both worlds. What I like about Rumford is the change of pace and the friendly and supportive staff.

What Central Maine Medical Family brings to Rumford is an exceptional group of well-trained emergency physicians, all of whom are certified by the American Board of Emergency Medicine. There are few rural community hospitals in the country that have such a fine group of emergency physicians.

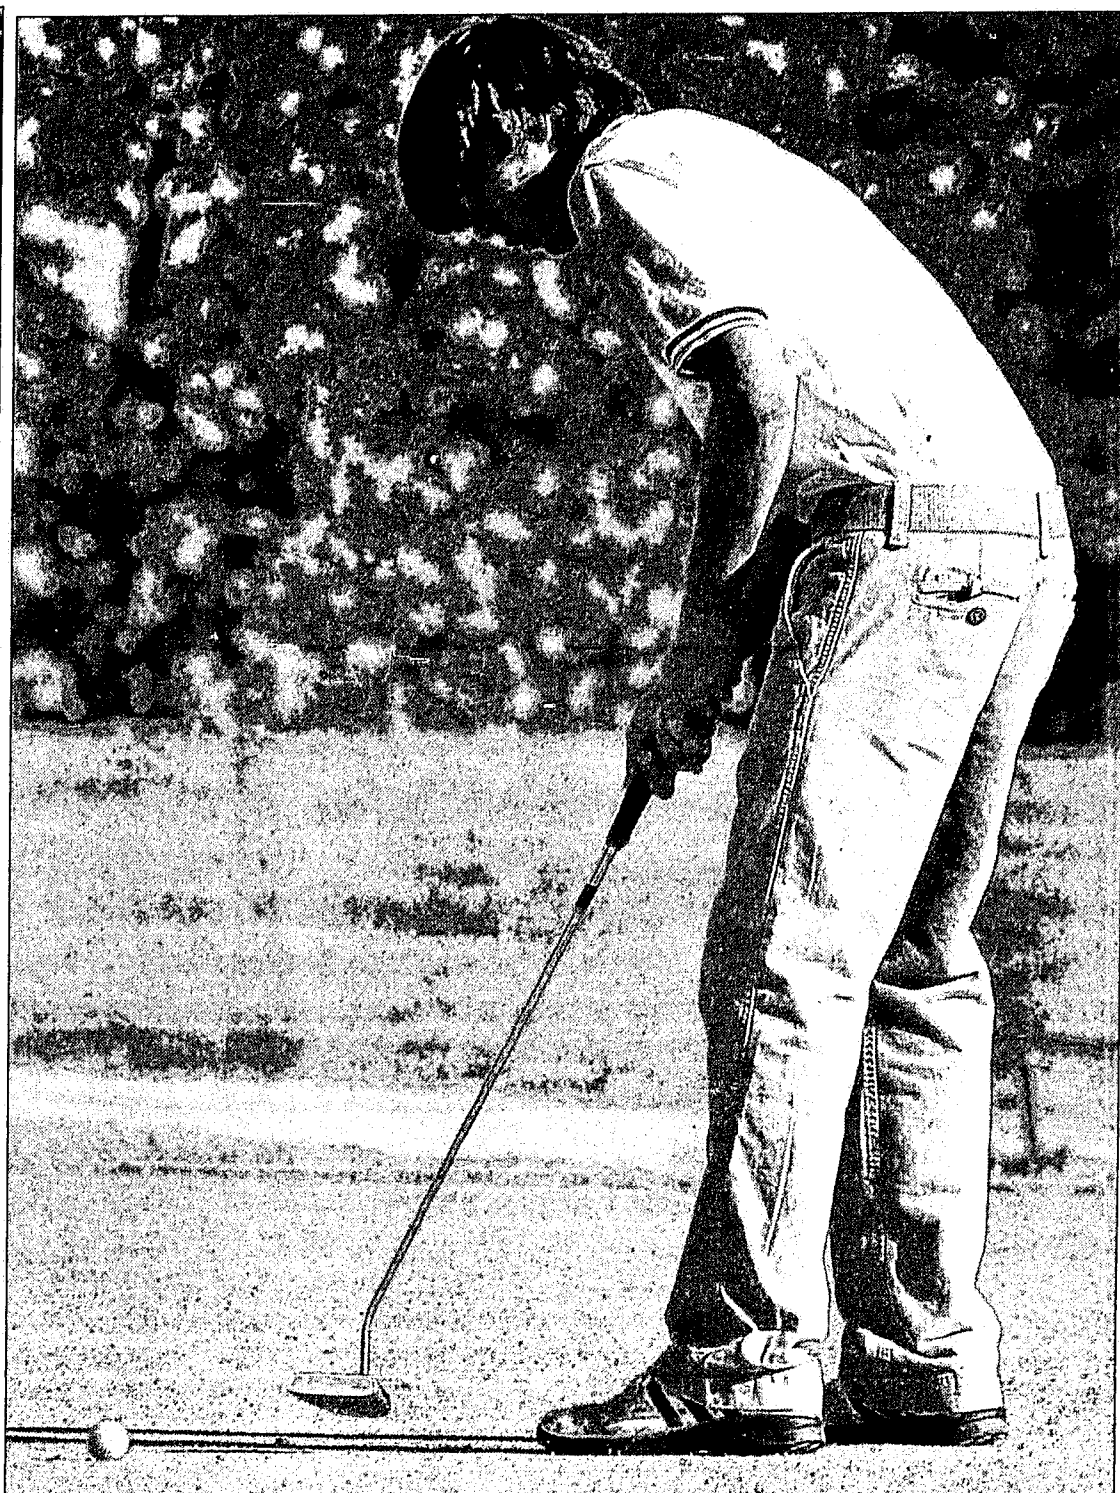

Rumford is fortunate, too, to have a newly renovated and expanded state-of-the-art emergency department."

It's always wise to call ahead

Listings in The Citizen's weekly Community Calendar are compiled from a wide variety of sources. While we do our utmost to ensure the reliability of the information presented here, we recognize that when dealing with such a large volume of material, some inaccuracies will occasionally creep in. And in other cases, a sponsoring organization's plans may change between the time The Citizen is printed and the event is held. Accordingly, we strongly urge our readers to call ahead to verify the details of any event they plan to attend. Doing so will greatly reduce the chance of disappointment or needless inconvenience.

grant manager for SAD21. She holds a degree in business administration from Kennebec Community College. Married to David Harvey for twenty-three years, she is the mother of three daughters, Jennifer, Melissa and Kristen. Maine District 93 includes the towns of Carthage, Canton, Dixfield, Mexico, and Peru.

State Senator David R. Hastings (R-Fryeburg) and State Representative H. Sawin Millett (R-Waterford) were the featured speakers at the Aug. 14 monthly meeting of the Oxford County Republican Committee held at the Fryeburg Fairgrounds. Both Hastings and Millett, who are widely respected in Augusta for their knowledge, hard work and enthusiasm for making the legislative process work, noted that Republicans were able to obtain some desired results from the budget process, but were disappointed that the Democratic majority did not provide the tax relief they promised during the 2006 election and at the beginning of the session.

During the business meeting, State Committeewoman Becky Kendall of Bethel was selected as Oxford County's representative on the Maine Republican Party's Platform Committee.

From Oxford County Democrats

The Oxford County Democrats welcomed a record crowd of more than 100 to the

shores of Lake Christopher and the Maine Conservation School on Aug. 26 for a Family Fun Day and BBQ.

The guests of honor were Congressman Tom Allen and Congressman Mike Michaud, as well as Attorney General Steve Rowe, Speaker of the House Glenn Cummings, and Assistant Majority Leader Sean Faircloth.

Local officials in attendance included Senator Bruce Bryant, Representatives Tim Carter, Terry Hayes, and John Patrick, as well as Sheriff Wayne Gallant, National Committeeman Sam Spencer, and Maine Democratic Party Vice Chair Marianne Stevens. Sen. Bryant served as master of ceremonies and introduced the nominee for House District 93, Sheryl Briggs from Mexico, who spoke about her plans for the upcoming campaign and her commitment to working to earn the votes of residents of Canton, Carthage, Dixfield, Mexico and Peru on Nov. 6.

The group enjoyed a sumptuous meal prepared by the Conservation School staff, and a special treat of fresh corn from the Carter Farm in Bethel, courtesy of Rep. Tim Carter and son John.

Plans are in the works for the Oxford and Fryeburg Fairs. Anyone who would like to take a shift in the booth at either fair should contact Cathy Newell at 875-2116.

From Bethel Historical Society's Regional History Center

The Bethel Historical Society will hold its 42nd annual meeting on Thursday, Sept. 13 at the meeting room of the Dr. Moses Mason House, beginning at 7:30 p.m. A 6 p.m. potluck dinner featuring roasted chicken breast will precede the meeting. Those attending the dinner are requested to bring a salad or dessert to share with those attending.

At the annual meeting, committee reports will be heard as well as the report of the president. Honorary membership certificates will be presented to outstanding volunteers and the recipient of the 2007 Marjorie MacArthur Noll Volunteer Service Award will be announced. There will also be votes on bylaw and dues structure changes. Any member desiring a copy of the proposed bylaw changes is urged to visit the society office at 10 Broad Street during regular business hours, Tuesday through Friday, 10 a.m. to Noon and 1 to 4 p.m.

William B. Krohn, Ph.D., USGS Biological Resources, Maine Cooperative Fish and Wildlife Research Unit at the University of Maine at Orono, will be the featured speaker following the annual meeting. Dr. Krohn's presentation, titled

"Joshua Gross Rich (1820-1897): Western Maine Pioneer and Wildlife Writer," will follow the annual meeting.

Rich, who lived in a number of western Maine communities including Bethel, was an extremely prolific and frequent writer for local newspapers and hunting/fishing magazines and journals. This lecture is one of the 2007 series on "Maine Character and Characters" made possible in part by a grant to the society from the Maine Humanities Council.

Barn Tour

As part of the Bethel's Harvest Fest, the Bethel Historical Society is offering a barn tour of approximately a dozen area barns between the hours of 10 a.m. to 4 p.m. on Saturday, Sept. 15. Tickets for \$10 per person will be available from 9 a.m. on at the O'Neil Robinson House, 10 Broad Street.

At 5 p.m. there will be a roast pork supper at Alder River Grange in East Bethel (adults \$7/children under 12 \$3) followed at that Grange Hall by a free lecture at 6:30 p.m. on Maine barns by Christi Mitchell of the Maine Historic Preservation Commission. The day will end with an old-time dance (\$5 per person) at the Alder River Grange Hall beginning at 8 p.m. with music provided by the Richard Felt Band. Inquiries for further information should be made to the society office at 824-2908 or (800) 824-2910.

REAL ESTATE AND YOU

WHEN TIME IS IMPORTANT

Your Realtor has just brought you an offer on your home, and you want to think about it. You would like your agent to contact the other people who have shown an interest in your home before you respond. Whether your home has been listed for two days or two years, there is always the temptation to hold out for a bigger offer, and sometimes sellers feel a lot of resistance to making a decision.

Some buyers will include a deadline for getting a response to their offer, but even if there isn't a deadline, you should reply to a buyer's offer quickly. The period of time between submitting an offer and receiving a response is a crucial one because the buyers are free to withdraw from the transaction. Even though they are mentally landscaping your yard and arranging their things in your rooms, they may also be afraid that they will get the house and, therefore, are extremely vulnerable to buyers' remorse.

For professional advice on all aspects of buying or selling real estate, contact Cindy Hiebert at Mahoosuc Realty, 207-824-2771

PRISCILLA ANN HOTTE

Priscilla Ann (Davis) Hotte, 72, of Poland, beloved wife, mother, grandmother and friend, died peacefully on Aug. 27, 2007 after a heroic struggle with cancer.

The youngest of eight children of Agnes and Charles Davis, she was born June 3, 1935, and was raised in Wells, graduated from Wells High School in 1953, Simmons College with high honors in 1957, and George Washington University, where she earned a master's in psychology and counseling in 1961.

In her professional career, she was a guidance counselor at Tripp Academy in Kittery, King Junior High School and Deering High School in Portland, director of pupil personnel services at Telstar Regional High School in Bethel and guidance director at Oxford Hills High School before retiring in 2000. She helped hundreds of students obtain admission to colleges and universities, and she was a passionate advocate of low-income students and their families.

In 1958, she married her high school sweetheart, Richard Hotte. They settled in Poland, where she raised her family and lived her life. She was down-to-earth, a true friend, with a smile that could light up a room.

She loved Thompson Lake — swimming in it, boating on it, gazing upon it while listening to the calls of the loons.

She fed the birds, gardened and prepared meals for family holidays. She was an avid reader, even reading by candlelight during an ice storm. She loved to cook with her children and grandchildren gathered round. Her six grandchildren gave her special joy. She loved playing games with them, talking with them, holding them, simply being in their presence.

She leaves her husband, Dick, of 49 years; her children, Melissa Baker of Saugus, Mass., Laurel Kelliher of Monkton, Vt., and Kirk Hotte of Paris, France; sons-in-laws, Scott Baker and John Kelliher; daughter-in-law, Julie Hotte; her six adored grandchildren, Ryan, Sarah and Kimberly Baker, Liam and Owen Kelliher and Benjamin Hotte; her sisters, Dorothy Sherwood of Revere, Mass., and Jeanette Haggett of Wells; and her brothers, Charles Davis of San Diego, Calif., Bob Davis of Wolfeboro, N.H., and Ben Davis of Bolinas, Calif.

The family appreciates the care provided to Priscilla by the staff of the Central Maine Medical Center oncology unit and the Auburn Hospice House.

LOUISE S. ROBILLER

Louise Solange Robiller, age 66, of Pinehurst, N.C., passed away Aug. 31, 2007.

Louise was born May 9, 1941 in Pawtucket, R.I., to Solange and Lucien Conrad Rondeau. She spent much of her life in New England and Bethel, where she raised her two children, and owned and operated the Boiler Room Restaurant with her family.

In 1989 she moved to Pass Christian, Miss., with her daughter. She began working as a chef with the opening of Casino Magic in Bay St. Louis, Miss. She continued working there until 2005, when Hurricane Katrina destroyed both the casino and her home.

In October of 2005 she retired and moved to Pinehurst, N.C., where she worked as a volunteer for the American Red Cross and speaker and volunteer for many other community organizations.

She was a dedicated and loving mother, and friend to all who knew her. She loved sharing pictures and stories of her life. Louise was always willing to help others who were facing life's challenges. Her positive outlook on life was an inspiration to everyone that she came in contact with.

Louise is survived by a son, Christian Robiller and his wife Jill of Woodbury, Minn.; a daughter, Verina Robiller of Dover, N.H.; two grandchildren, Allyson and Blake, her ex-husband, Jochen Robiller of Lawrencetown, Nova Scotia, and many other relatives.

A memorial service was held Tuesday, Sept. 4, 2007 at the American Red Cross, Southern Pines, N.C. Memorial services may be made to the American Red Cross, Moore County Chapter, P.O. Box 407 Southern Pines, NC 28388.

Card of Thanks

Thank you to the many members of the community who came to the Mahosuc Community Band's benefit concert for help with some of my medical expenses. Your generosity was overwhelming. I especially want to thank the members of the band who thought of me in a time of need. I will always hold you close to my heart.

Thank You All,
Loretta Varo

GERTRUDE HUTCHINS

Mrs. Gertrude B. Hutchins, 93, went to be with the Lord on Tuesday, Sept. 4, 2007 with her loving family at her side.

Born in Roxbury, Maine on Aug. 28, 1914 she was a daughter of the late Charles and Vivian (Frost) Bemis. She attended Andover Schools. She worked as a waitress at Middle Dam and then worked as a Switchboard Operator for Andover Telephone and then as a Store Clerk for Dave's General Store and Mill's Market.

She was a devoted wife, mother, grandmother and great-grandmother. She was a member of the Andover First Congregational Church. She loved to cook, watch birds, read, knit and flower beds.

She was married in Andover, on Nov. 25, 1934, to the late Henry C. Hutchins, who died in November of 1985.

Survivors include a son, Robert Hutchins and his wife Sharon of Andover; granddaughter, Deanna Fowles and her husband Bruce of Bethel; grandson, Christian Hutchins of Parsonsfield; great-granddaughter, Madison Fowles of Bethel; and great-grandson, Nolan Fowles

ROSE M. SMITH

Rose M. Smith passed away Monday, Sept. 3, 2007 at the Maine Veterans' Home, with her beloved niece/goddaughter, Rose M. DePerte and grandniece, Alana M. DePerte, at her side.

She was born in Barrington, N.H., July 14, 1917, a daughter of Alcide and Delia Leme-lin Dubois. She was a graduate of Brunswick High School, Class of 1935, and later became a registered nurse at the Central Maine General Hospital in Lewiston.

It was at that time as a nurse that she met the love of her life, Norman W. Smith of Oxford, who was a patient in the hospital. Sometime later, before he was sent overseas to the war, she joined him in Mississippi and they married March 9, 1942. Returning to Maine while he was serving his country, she continued her nursing career and touched many lives with her kindness and dedication.

Years later they lived in Derby and Nashua, N.H., before returning to Maine and made their home on Patch Mountain Road, Greenwood. Failing health relocated them to downtown Norway.

She was employed at Stephens Memorial Hospital in nursing and later in the Medical Library for several years. She enjoyed sewing, knitting and crocheting, but her greatest enjoyment was reading

and music (Daniel O'Donnell her favorite). She had a great love for animals and birds. She cherished her pets especially her cat, "Freebie." A delightful personality and an inquiring mind kept her in tune with life when she became homebound due to ill health.

A resident of the Maine Veterans' Home since July 2006, she will be sadly missed by her family and friends.

She is survived by her niece/goddaughter, Rose M. DePerte of Norway; brother-in-law and sister-in-law, Gordon and Betty Smith of Norway; brother-in-law, Lloyd D. Herrick of Norway; sisters-in-law, Bea Dubois of Brunswick and Lora Dubois of Merrimack, N.H.; and many nieces, nephews, grandnieces and grandnephews. She was predeceased by her husband, Norman; her parents; brothers, Arthur "Spud" Dubois, Elmer "Johnny" Dubois of Brunswick and Wilfred "Wink" Dubois of Merrimack, N.H.; a sister, Lena Yakubowski; a grandnephew, Arthur "Chip" Dubois Jr. of Brunswick; and sisters-in-law, Adrienne Dubois of Brunswick, Gloria Herrick of Norway, Iva Martinson of Sanford and Vera Robbins of Bryant Pond.

At the request of Mrs. Smith, there will be a private family service at Weston-Chandler Funeral Home, Norway. Family and friends are invited to attend committal prayers on Thursday, Sept. 6, at 11:45 a.m. at Norway Pine Grove Cemetery in South Paris. In lieu of flowers, donations in Mrs. Smith's memory may be made to Friends of Norway Memorial Library or Responsible Pet Care, Norway. Online condolences may be shared with her family at www.westonchandler.com.
